Postal Address: Att: Anita Pillay, PO Box 6011, Halfway House, 1685

Your application for registration as a professional Process Controller must be accompanied by the Experience Report (Form A2).

The Experience Report must contain your current and previous work experience. Please note that only work experience pertaining to process control needs to be completed.

In your Experience Report please include your experience and or understanding, where applicable, of the following:

- Operating and controlling chemical, biological and physical systems and associated plant for compliance with quality standards;
- Monitoring and testing for physical, chemical and biological properties;
- Performing all required administrative and procedural functions; and
- Inspecting equipment, processes and operating conditions.

Please note that should a portfolio of evidence be requested as to the experience you have displayed, that you will need to provide WISA with this information.

REFERENCES:

Each applicant must supply WISA with the names and details of at least 2 Referees, who have personal knowledge of the applicant's professional performance and work experience. The Referees are to verify the information that is supplied in the Portfolio of Evidence as well if required. Referees may include the following persons:

- Mentor
- Line Manager
- Supervisor
- Employer
