

Educational Institution Benefits

Water Institute of
Southern Africa

EDUCATIONAL INSTITUTION
MEMBER

Why become a member of WISA?

- The Water Institute of Southern Africa, better known as WISA, was initially established in 1937, making it the oldest and only water-related association in South Africa that looks after the collective interests of the water sector, the professionals therein and the public.
- WISA is recognised by SAQA as a professional body and is the custodian of the professional designation Professional Process Controller (Pr. PC Water), which authorises it to accredit, award and administer the designation to the water sector.
- WISA is represented nationally by 8 branches, 15 technical divisions and more than 3,500 members, hence it has the largest footprint of any water-related municipality in Southern Africa.
- WISA has taken leadership in many areas within the water sector, including promoting professionalisation in the water sector.
- The association's Head office is situated in Midrand, where our experienced, qualified, and friendly staff are always willing to assist our members.

What does WISA do for its members?

- Promote the effective and efficient management of water resources and water services globally;
- Promotes the common interests of all persons engaged in the water sector and industry in order to improve the quality of water resources and water services management globally; and
- Support and integrate the water sector, strengthening its “fabric” and dealing with all issues relating to the water sector and the environment including relevant regulations;
- Arrange training and events to encourage better communication, career growth, skills development, exchange of information and networking within the sector;
- Facilitate social, educational, economic and managerial development;
- Liaise with government (Central, Provincial and Local), regional water authorities, industry, NGOs and any other appropriate bodies on all matters relating to the water sector;
- Promote participation and active involvement in research for the benefit of the water sector and water users;
- Establish a national database of all professionals, managers, administrators, and functionaries active in the water sector in order to improve networking and to facilitate the sharing of information;
- Establish and manage a fund to support research, individual development and capacity building;
- Establish programmes and forums to help develop new skills and training to improve the sector.

Educational Institution Members in good standing will enjoy the following benefits:
